

*Adolf Ratzka* - U.C.L.A.

Adolf's struggle to attend a university in the U.S.A. was recounted in the 1966 *TjG*, "Odyssey of a Bavarian Scholar." He has done well scholastically and has adjusted happily. A respo, he uses a chestpiece at night.

"I have met many nice and extremely helpful people. I am living in a dorm on the campus with a roommate attendant. It's an exciting life in comparison to my former life in the hospital in Munich...I have applied for a scholarship."

Early in '67 Adolf was the jubilant recipient of a \$6,000 student loan.
